

ON A LEVEL PLAYING FIELD

VOLUME ONE: SERIES INTRODUCTION

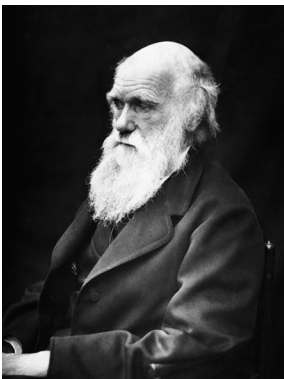

PART TWO: VIEWING GUIDE

Name _____ Date _____
Class / Block _____ Teacher _____

Directions: While watching the video answer the following questions and fill in the blanks.

TEST DRIVE & HISTORY OF THE THEORIES

1. Who calls Philip on his cell phone? _____
2. In the 1700's _____ began to question the age of the earth.
3. Charles Darwin sailed on the _____ as it traveled around the world.
4. Later Charles Darwin wrote _____ that popularized evolution in 1859.
5. What is not one of the four elements of Evolution as proposed by Darwin.
A. Transmutation
B. Naturalism
C. The Big Bang
D. Tree of Life
E. Natural Selection
6. This man, _____, introduced the watchmaker argument that stated that structure, functionality and order lead to the conclusion that there must be a designer.

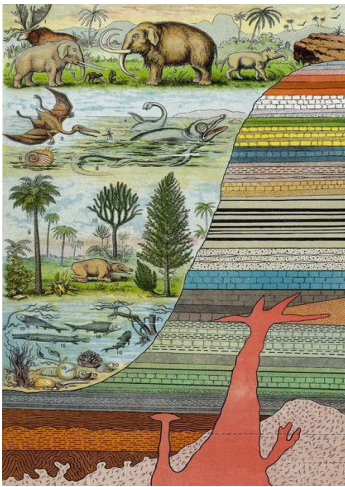

THEORY GRAPH AND TEACHING LAWS

7. How is the X axis labeled on the graph? _____
8. How is the Y axis labeled on the graph? _____
9. Which president signed the law requiring that Evolution be taught in public schools?
A. President Truman
B. President Eisenhower
C. President Kennedy
D. President Nixon
10. Why was this law passed? _____
11. Who decides what other theories should be taught alongside evolution? _____

DEBATE INTRODUCTION

12. What color shirt is Mr. E wearing? _____
13. What does the E in Mr. E mean? _____
14. Mr. E says evolution is simple and means “life _____.”
15. What kind of creationist is Mr. C? _____

16. Circle two ways to “date the earth”?
 A. Read the copyright date C. Radioactive isotope dating
 B. Dinner and a movie D. Geological column
17. Mr. C claims that Evolutionists uses _____ logic when they date the geological column.

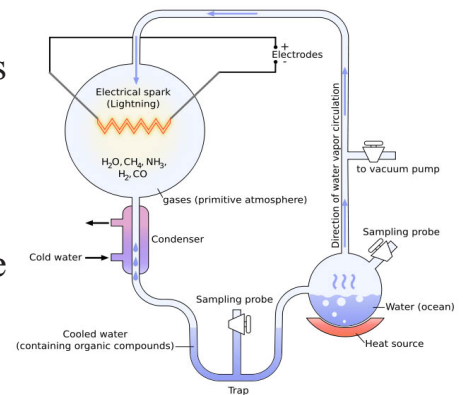

THE DELUGE AND DINOSAURS

18. What does Mr. C say was found on the top of Mount Everest?

19. Mr. E’s response to the claim of a global flood is that the numerous legends are actually examples of _____ floods.
20. According to Mr. E, when did the dinosaurs become extinct? _____
21. What does ELE stand for? _____
22. Mr. C says that most of the dinosaurs were buried by what? _____
23. Some survived, Mr. C argues, and were called _____ throughout history.
24. Dinosaur means “terrible _____” and was coined by Richard Owens in _____.

SUPPORT, ASSUMPTIONS & CONCLUSION

25. What is Mr. C standing on when he rants about the scientific community’s “Monopoly of Thought” against dissenters? _____
26. What form of math is used to measure the distance to stars? _____
27. Mr. C argues that since comets only last about _____ the universe must be young.
28. Evolutionists claim the “_____ cloud” is responsible for providing new comets.
29. The Miller-Urey experiment in _____ created amino acids (the building blocks of proteins) by recreating early earth conditions.
30. Mr. E also gives three other supports for evolution. Which is NOT a support he gives.

- A. Homologous Structures C. Vestigial Organs
 B. Unlock Code D. Genetics
31. Mr. C says mutations won’t lead to macro-evolution because mutations ... (circle two)
 A. Are usually harmful C. Are never helpful
 B. Don’t happen very often D. Lead to a loss of information
32. How does Mr. C. summarize the keystones upon which each theory is built?

The Theory of Evolution is based on _____

The Theory of Creation is based on the _____

33. Mr. C says that the reason 95% of people are religious is because there is an _____ code that makes people want to know God.
34. What does the host promise that future episodes will have that this one didn’t? _____
